

Session Report: 29/08/2019 “GRE guidance and preparation”

Speaker: Pratik Patil, Amey Mangalvedhekar, BE.

The session was attended by over 150 students.

The second GRE session was conducted by EDC on 29 August. This session was an informative session on one of the choices to engage with after your degree. EDC gave students a chance to get familiar with the concept of GRE and interact with the students who had successfully marked their victory in the exam.

The speakers for the session were Pratik Patil and Amey Mangalvedhekar whose scores were 333 and 335 out of 340 respectively. At first they made students familiar with the exam pattern. They very precisely explained each and every domain of the exam. They also had some examples ready which made it easy for students to understand the type of questions that appear in the exam. They shared their study references for the students so they would know how to approach the exam.

They talked about other things like when to start studying for the exam, which topics should be thorough and how they managed their grades along with their preparation studies. They even shared their strengths and weaknesses and how they coped up with it. The Q&A went on for about for 30-45 min. As a vote of thanks, the speakers were given saplings as a token of gratitude.
